

ENJOYABLE TIME FOR ROTARIANS

LOCAL CLUB AND LADY GUESTS
HAVE DELIGHTFUL EVENING
WEDNESDAY.

OFFICERS INSTALLED

Following Dinner, Short Business Session was Held. Talks and Musical Program Were the Features

The annual installation of officers of the Greencastle Rotary Club and Rotary-Anns night for the organization was held Wednesday evening in the dining room of the College Avenue Church, where a splendid four course dinner was served to more than eighty-five members of the club and their guests.

Charles McGaughey, retiring president, presided at the meeting until his successor, John F. Cannon, was installed as president and the many stunts pulled off during the evening kept the entire membership in an uproar and it proved to be one of the best meetings the club has ever held. The Greencastle Rotary Club also achieved a distinction the past year that it has not attained heretofore, because in the past twelve months while heretofore an adjournment has been taken for a few weeks during the summer vacation period. The Club has prospered exceedingly well and is now the strongest in membership as well as in every other way since it was founded a few years ago.

Following the serving of the banquet Wednesday evening, a splendid musical program was given. Mr. and Mrs. Arthur Spencer, of Greencastle, and who are members of the Davies Opera Company of St. Louis, each gave two solos, each responding to an encore. Their accompaniments were played by Miss McCarty of the DePauw Music School. Both Mr. and Mrs. Spencer attended school here some time ago and have been with the Davies company, which is a high class chautauqua company for four years.

Another delightful part of the musical program was given by Prof. and Mrs. Howard J. Barnum of Greencastle. Mr. Barnum gave a part of his recent violin recital program that was very pleasing to his Rotary friends and gave additional request numbers that were greatly appreciated. All his accompaniments were played by Mrs. Barnum. The musical program proved to be one of the best the Rotary Club has ever had the privilege of hearing.

After the musical treats came the other rare treats. A splendid talk was given by Mrs. Carina C. Warrington, state probation officer. Mrs. Warrington spoke on the work of the probate and juvenile courts and outlined what the probation department is attempting to do. The plan is to keep the younger folks out of the criminal courts and thus save the youth. She said about 85 per cent. of all criminals come into court with an institutional record. If they can keep the young men and women out of the state institutions, many of them can thus be saved. Mrs. Warrington says. She also paid a tribute to Judge Hughes for his splendid juvenile work in the Putnam circuit court. Mrs. Warrington says the state is insisting on the appointment of the highest type of probation officers, whom the younger folks will respect and go to in confidence. These are the kind of men and women, she said who help the juvenile courts the most.

Mrs. Warrington's splendid address was followed by some of the most laughable stunts the Rotary club has ever pulled. Dr. "Bill" Blanchard pulled a good one entitled "He Knows". Dr. Blanchard proved that the Rotary vice presidents knew more than the president. He said when the first president was elected, it was said the vice knew more; and that it was true of each succeeding president. To demonstrate whether it was right or wrong, he lined up the past vice presidents and presidents, put a specially prepared match box on the nose of the first man in each line and they were to put it on the nose of the next man and so on until

it has passed the entire line, and the line doing the job the quickest, won. It offered a world of fun and the vice presidents won.

The new officers were then installed by C. C. Gillen, retiring secretary and secretary since the club was organized four years ago. John F. Cannon is the new president; C. W. Otis, vice president; S. C. Sayers, secretary; Harry Allan treasurer; Charles Moffett and Dr. W. W. Tucker, directors and Major W. R. Orton, sergeant at arms.

John F. Cannon, on being made president was delightfully surprised to be presented with the most beautiful Angel Food cake one ever saw. It was large and the icing was delicious. After receiving the congratulations of his friends, he was given a knife to cut the cake and then his friends had their fun. It proved to be a wooden box, covered with a pretty icing. His attempt to cut the cake with the knife of course failed and he was given an ax.

The past presidents of the Club, Harry Z. Freeman, Dr. W. M. Blanchard, Rev. Victor L. Raphael and Charles McGaughey were each presented with a past president's Rotary pin. C. C. Gillen was also given a past secretary's pin.

When the new officers were installed, each made a neat speech of thanks, but S. C. Sayers, the new secretary won the prize with his speech. He compared himself to Bryan as having run for office several times but without success, until the present time when he was ahead of the great Commoner, who had never been able to make a speech of acceptance of official honors. His talk was witty and the Rotarians and their guests enjoyed every bit of it.

BANDITS CARRY SAFE FROM BANK

AMERICAN STATE BANK AT ST.
BERNICE RANSACKED
EARLY TODAY

PUT SAFE ON BIG TRUCK

Robbers Haul Two Ton Safe Away
and Get \$16,000 in Cash. Robbery
Discovered By a Druggist

CLINTON, Ind., April 10.—The American State bank at St. Bernice, six miles northwest of here, was robbed of \$16,000 in cash by a gang of bank bandits early today.

A safe weighing nearly two tons was taken from the bank and carried away in a big truck. The safe was rifled at a lonely spot on the road west of Cayuga.

The door was burned through with an acetylene torch. Bank officials said the safe contained slightly more than \$16,000.

The amount in the safe was larger than usual due to the fact that today was pay day for local employees of the Chicago and Eastern Illinois railroad.

FIRE INSPECTOR HERE

Assistant State Fire Marshal Geo. H. Felthaus, of Evansville, is here inspecting the dry cleaning establishments of the city. Mr. Felthaus stated Thursday morning that he had found the various dry cleaning shops here in good condition and that the proprietors were conforming in every way with the State Fire Marshal's orders.

Fire Chief John Goddard worked with Mr. Felthaus during the day.

MOORESVILLE MAN KILLED

MOORESVILLE, Ind., April 10.—William Sheets, 62, a farmer living near Waverly, was killed here last night when his auto was struck by a Pennsylvania freight train.

His wife jumped from the auto in time to escape injury. Sheets did not see the train until his machine was on the tracks. He threw on more power and killed his engine.

The auto was demolished. His body was hurled 30 feet and badly mutilated.

COOLIDGE GETS A BIG MAJORITY

PRESIDENT RECEIVED 125,000
MORE VOTES THAN JOHNSON
IN ILLINOIS PRIMARY

FIGHT FOR SENATORSHIP

Deneen and McCormick Having Bitter
Scrap for Senatorial Nomination.
Deneen in the Lead.

CHICAGO, April 10.—With President Coolidge winner over Senator Hiram Johnson in the Illinois primary by approximately 125,000 votes, interest today centered on the neck and neck race for the Republican nomination for senator between Senator McCormick and Charles Deneen, former governor.

Deneen is leading by approximately 4,500 votes in the count from 5,045 of the state's 5,668 precincts. The count:

Deneen, 321,870.

McCormick, 317,482.

The missing precincts are downstate and McCormick followers believe he has a bare chance of overcoming the Deneen lead. Indications are that a recount will be made regardless of which one pulls through on the present count.

The Democratic slate of delegates entered by Wm. G. McAdoo was snuffed under, and George Brennan, Democratic boss of Illinois who entered a state claimed victory in all the district contests as well as in the fight for delegates at large. McAdoo men hope to salvage a few downstate delegates out of the wreckage, but this cannot be determined until the vote on delegates and lesser offices has been fully tabulated.

Governor Small's majority over Senator Essington for the Republican gubernatorial nomination will be somewhat in excess of 50,000, the returns show. The total vote will show approximately 500,000 votes for Small and 450,000 for Essington, it was believed.

Oscar E. Carlstrom has defeated Attorney General Brundage for the nomination for attorney general by a majority that will reach 50,000.

Norman Jones won the Democratic gubernatorial nomination by more than 2 to 1 over Lee O'Neil Brown while Col. A. A. Sprague won the senatorial nomination by about the same margin from his nearest competitor.

A. RANKIN FILES SUIT FOR \$10,000

GREENCASTLE COLORED MAN
WHO WAS ARRESTED AND
ACQUITTED, FILES SUIT

RAILROAD IS DEFENDANT

Pennsylvania Line Through Its
Employee, Levi Louderback, Must
Answer to the Charges

Augustus Rankin, a local colored man who was arrested on January 12 on a charge of having robbed the Pennsylvania railroad station of a few dollars last fall, and who was acquitted of the charge when the prosecutor failed to make a case on trial and then filed a written dismissal, has filed a complaint in the Putnam circuit court against the Pennsylvania railroad for \$10,000 damages. A colored attorney, W. S. Henry of Indianapolis, filed the complaint.

The complaint sets out that Rankin remained in jail for a period of 11 days because he could not give \$2,000 bond, was forced to spend \$500 in defending himself and also lost his weekly wages.

The complaint says he was forced to remain in jail among vicious persons and thereby suffered irreparable loss to his reputation, embarrassment, mental agony, humiliation and distress.

Another section of the complaint says that because of the arrest, the plaintiff is an outcast in society, is ashamed, embarrassed and is the object of suspicion in the community.

WOMAN ELECTED MAYOR

KANSAS CITY, Mo., April 10.—"The women put it over." Jubilant Republicans all down the line from the Mayor-elect to the ward workers gave to the "better half" of the organization the honor for the Republican victory of Tuesday.

Beach was the second Republican Mayor elected here in fourteen years, defeating Mayor Frank S. Cromwell. The unofficial vote was Beach, 66,658; Cromwell, 61,844.

It was the outpouring to the polls of great armies of women in the residence wards, especially the Fourth and Thirteenth, that helped to roll up a majority for Albert I. Beach, Republican nominee, party leaders concede.

"The victory was due first of all to the women of Kansas City," said R. J. Delano, chairman of the Republican City Committee. "It would not have been possible without the excellent organization work done by Mrs. Charles Herndon, chairman of the Women's Division, and her sixteen ward chairmen. They organized a perfectly operating machine and offset the back door whispering campaign which has always been conducted by the other people."

ASHMORE SPEAKS UP

TIGER COACH GIVES REASONS
FOR FAILURE OF DPAUW
TEAMS

I have been asked to give my opinion of DePauw athletics and it is the desire that I discuss the good and bad features of our sports.

The good features can be disposed of very readily by saying that the results of the contests are a fair criterion of the good features.

A discussion of the coming football season might serve to show why our athletics are not better. A football schedule has been made out which would do justice to a school which has the football reputation of Notre Dame. The schedule includes games with Indiana, Illinois, Purdue, Franklin, Butler and Wabash. In order to be prepared to meet the schedule of this nature spring football practice seemed imperative. The net result accomplished by spring football was practically nothing. A few experienced men were faithful in their attendance at practices but the men who will have to bear the brunt of next season's schedule did not find it convenient to spend the time in practicing football. I assume their attitude was that the games do not come until next fall and why bother with football at this time of the year.

The squad never exceeded twenty-five in number. Compare that with the number engaged in spring football practice at Notre Dame and you will probably have the answer for Notre Dame's success and DePauw's lack of success in this sport. The Notre Dame squad numbered one hundred ninety candidates. This no doubt included all the regulars or letter men who will be eligible next fall. In the spring practice here, there was usually three regulars out and occasionally a fourth would appear. Two letter men were engaged in baseball and had a legitimate excuse. The other letter men in school had various alibis some were pretty fair in the way of alibis and some were not so good. But from my point of view they were merely excuses because the men did not care to attend practice.

The same condition prevailed in baseball. A call was made for baseball candidates for indoor work and a number of regulars failed to report. The first baseball game was played on April 3rd and as late as April 7th there were men asking if they could come out for baseball.

In any activity one gets out about the same amount that has been put in. DePauw athletics are not having enough put in them and we can not expect better results until more energy and enthusiasm is shown by members of our teams.

THE WEATHER.

Partly cloudy tonight and Friday. Probably showers in the extreme southwest portion, Friday. Not much change in temperature.

MELLON TAX BILL GETS TO THE SENATE

NEW TAX BILL FORMALLY PRE-
SENTED TO THE SENATE
TODAY

TO DEBATE NEXT WEEK

Discussion on the Bill is Scheduled for
Next Week According to Senator
Smoot. May Compromise

WASHINGTON, April 10.—The new Mellon tax bill was formally presented to the senate today. Chairman Smoot of the finance committee reported out the bill and its provisions were officially made public.

While the income tax, surtax and inheritance tax provisions are not expected to survive the senate, Republicans are preparing to fight hard for them in order to obtain the best compromise possible. Smoot announced that the bill would be taken up for debate "early next week."

The comparative features of the senate bill as reported and the bill passed by the house show.

NOVEL ENTERTAINMENT

An appreciative audience heard the rather novel Variety Entertainment given at the Baptist church Wednesday night. The young people of the church wished to raise a sum of money to apply on their pledges to the rebuilding fund and the affair was a fine success.

The program was graciously donated by students of the high school and of the University and was given as follows: Piano numbers, Miss Mildred Owens; Dramatic Readings, Miss Elinor Theek; Vocal Solo, Miss Marjorie Allen; Instrumental Trio, Piano, Miss Fee, Cello, Miss Sloan and Violin, Mr. Yenne.

All parts of the program were well chosen and splendidly executed, making a program of unusual attractiveness and interest. It was announced that Dean McCutchan and the University Choir would give their full concert at the Baptist church later in the spring or early next fall.

GERMANY IS BUSY

BERLIN, April 10.—Germany was busy today giving reasons why the Dawes report should not be accepted.

Three main objections voiced in government circles are:

1. A definite total reparations sum should be fixed, so that Germany might have a mark to shoot at.
2. France and Belgium should be required to take their troops out of the Ruhr.
3. Practically all the various sums demanded should be reduced.

KIWANIS TO PLAY BALL

COMMITTEE NAMED THURSDAY
TO GET TOGETHER AND CHAL-
LENGE ROTARIANS.

The Kiwanis Club held its regular weekly luncheon at the Presbyterian church Thursday noon. Special music was furnished by Miss Esther Alice Green of the University.

The club had as its visitors, the father of Dr. J. A. Throop and Mr. and Mrs. Paul Goss and daughter of Lincoln, Neb., who are enroute to Washington, Mrs. Goss being a delegate to the D. A. R. convention, and they were guests here of Mr. and Mrs. Ed Stone.

Rev. Henry McLean gave a splendid talk on his recent trip to Boston and the New England states.

A committee on baseball was appointed. It consists of Prof. Ralph Hufford, Robert W. Gipson, Donald McLean, O. G. Webb and Ralph E. Knoll. They will get up a baseball team and will soon hurl a challenge to the Rotarian for another game, such as only these two teams can stage.

MILLINERY SCHOOL OPENS WITH GOOD ATTENDANCE

Approximately Twenty Pupils Were
Registered. Considerable Work
Accomplished

The second Annual Millinery School for this city, under the direction of Miss Flanningham, of Purdue University opened this morning with a large attendance.

Approximately twenty pupils were registered. The work for today was under the subject of remodeling, renovating and cleaning. Every pupil brought soiled hats or others that needed remodeling and in this way they were kept busy. Every person took part in the work and any questions were answered and suggestions given by Miss Flanningham. A hat or some other article was assigned to each group of women and considerable work was accomplished during the morning in the way of cleaned garments, and remodeling head pieces. Practically the same course was pursued this afternoon with school dismissed near three o'clock.

TRIAL IS POSTPONED

LAFAYETTE, April 10.—The trial of Mrs. Blanche Akins, charged with first degree murder, scheduled to open on Tuesday in the circuit court, was postponed by agreement because of the highly nervous condition of the defendant. Mrs. Akins is charged with the murder of her husband, Ernest Clifton Akins, Monon fireman, formerly of Cloverdale, on the morning of March 11.

M. W. OF A. INITIATE TONIGHT VISITING TEAM TO DO WORK

A class of M. W. A. candidates will be initiated tonight into Volz Camp No. 3349, of this city. The degree team of Raccoon Camp will confer the work. This team is a well organized outfit and have plenty of experience and are capable of exemplifying the work in a most satisfactory manner. After the work has been conferred a lunch will be served and a social session will be in order.

All members of this Camp and all sojourning neighbors are urged to be present. Come prepared for a good time and you won't be disappointed. Camp will open at 7:30 sharp. Please be on time.

FINAL WORDS IN DEFENSE OF GOV. M'CRAY

GOVERNOR'S ATTORNEYS WAGE
VERBAL BATTLE FOR LIBER-
TY OF EXECUTIVE

RYAN ASSAILED BROWN

Attorney for McCray Makes Strong
Points for Defense in Scathing
Attack Upon I. Newt Brown

INDIANAPOLIS, April 10.—The final battle for the liberty of Governor McCray was waged today by Michael Ryan, one of his attorneys, in the closing argument in the trial of McCray on larceny and embezzlement charges.

Ryan closed the arguments for the defense with a strong plea for a verdict of not guilty. He bitterly assailed I. Newt Brown, secretary-treasurer of the state board of agriculture.

Heaping ridicule on the testimony of Brown, Ryan insisted that the jury confine itself to a consideration of the affairs of the state board of agriculture and disregard the "extraneous matter that had been thrown in to befuddle their minds."

"I'm afraid Eph Inman (special prosecutor) is going to bleed to death right here in this courtroom unless his heart stops bleeding for 'poor Newt Brown' and 'poor Amos Morris,'" Ryan said.

McCray sat throughout the morning session apparently unmoved by the bitter flood of oratory that had been turned loose on him yesterday. He appeared in the best of spirits as he entered the court room this morning.

Eph Inman, who mercilessly denounced McCray yesterday marked the opening argument, was to follow Ryan with a plea for a verdict of guilty.

The case is scheduled to go to the jury early this afternoon after Judge Chamberlin has delivered his instructions to the jury.

In the final arguments defense attorneys turned loose a broadside on I. Newt Brown, former secretary-treasurer of the state board of agriculture, who turned the money over to McCray. They contended McCray borrowed the money in good faith from Brown and paid it back to the last dollar, "though it broke him up to do so."

They contended that the testimony of the other board members who were called to the stand was a direct contradiction of the testimony of Brown that he had given the money to McCray to deposit in the Kentland bank.

"Brown has undertaken for his own insidious purpose to damn Warren T. McCray and put him behind prison bars," declared Martin Hugg, speaking late yesterday in defense of the governor.

Prosecution attorneys denounced the acts of McCray as a disgrace to the state of Indiana and portrayed him as a man who had betrayed every trust the people of Indiana and his business associates and personal friends had placed in him.

"Never has there been a plainer case of embezzlement and stealing of public funds," said Eph Inman. He declared the business statement McCray gave Newt Brown was "one of the most monumental frauds ever handed from one business man to another."

Brown, they argued, had been misled and made a tool in the hands of the governor. "Now they are trying to make Brown the scapegoat for McCray's sins," said Inman. "If they let McCray go free, they ought to throw open the doors of every prison in the state for the embezzlers who are confined there."

Throughout the day yesterday the bitter argument was kept up, each side accusing the other of indulging in vituperation to mislead the jury.

McCray's attorneys made the charge that some "sinister influence was at work to get McCray" and the charge was promptly branded as "utterly false" by the prosecution.

Martin Hugg, one of McCray's attorneys, took a fling at the Republican party leaders who met here at different times to decide what atti-

H. S. Notes

A special Chapel was called this morning. This is the third chapel exercise this week.

Mr. James Paxton Voorhees was in the building this morning renewing acquaintances with some of his friends. He is passing through town on a campaign tour to Terre Haute. He is a candidate for the democratic primary for Congress. Everyone was glad to see him again.

At the special chapel this morning some of the world's best known and most celebrated reproductions of the world's famous paintings, both modern and otherwise. There were some by an Indiana artist, one of whom won second prize at a Paris exhibition, and first prize of the American pic-

tures. The Junior Class purchased the reproduction of the one winning the prizes.

After the pictures were shown the classes went to their rooms and voted as to whether or not they wished to purchase any of the pictures.

The Juniors bought two; one, The Dance of the Nymphs, and the other, The Birch Bend. The latter is the one which won the prize. The pictures will be on exhibition as soon as they are framed. The names of the pictures bought by the other classes were unobtainable for today's paper. They will be announced later.

Arrangements are being made for the summer school courses already. Mr. Beusenbug asked that all who are wanting to take a course report to him.

The boys wishing to attend the C. M. T. C. this summer as asked to report to Mr. Beusenbug immediately. This county has a quota of 12 boys.

The flowers which are to be put in the new boilers will be here soon. Then the halls will take on a semblance of softness and spring instead of the forbidding hard walls.

The report from the picture, The Three Wise Fools, which is here tonight for the last time, and was here last night, is that they had a good and well-pleased house. The remainder of the week will be steeped in Harold Lloyd's fun and frolic in his six reel comedy, Why Worry. They say it is a "hum-dinger."

tude the party should take toward McCray in his difficulties.

"When did that little junte of men receive its authority to preside over the destinies of the state of Indiana?" he asked. "And who appointed Jim Goodrich the high pooh-bah of the Republican party? And why was our puny friend, Mr. Clyde Walb, Republican state chairman, thrust into the case?"

Hugg ended by saying the testimony of Brown was false and that the state's case was breaking down under the weight of Brown's falsehood.

INDIANAPOLIS PARTY IN SERIOUS WRECK WEDNESDAY

Mr. and Mrs. Charles E. Angel, of Indianapolis, driving a large Chalmers touring car narrowly escaped death Wednesday evening at about seven o'clock when they struck a double telephone post near the connection of road 32 and the national pike.

Mr. and Mrs. Angel had left Indianapolis earlier in the evening and had just left Mt. Meridian when the accident occurred.

No reason could be learned for the cause of the accident. The double post which they struck was cut cleanly off at the bottom and the machine was a total wreck. In striking the post the car was turned completely over. Mr. and Mrs. Angel were taken to the hospital at Brazil following the wreck. The wrecked car was brought to the Franklin street garage for repairs.

DePauw Notes

Miss Helen Grose, daughter of Dr. and Mrs. George Richmond Grose, of this city, was elected president of the Woman's Self Governing Association at their annual election Wednesday. Miss Beatrice Ringgold was made vice president, and Miss Katherine Heigel, second vice president. Mary Hester Lloyd was elected secretary, and Frances Walters, treasurer.

Miss Grose has been active in campus work since she entered college. She is a member of the Y. M. C. A. Cabinet, the History Club and of the Kappa Kappa Gamma Sorority. Miss Grose was graduated with honors from the Greencastle High School in the class of 1921.

As the time draws near to the Sigma Delta Chi grid iron banquet on April 25, the business men of the city are secretly discussing among themselves whether or not they will be invited. The "Chef" of the affair, whose name has not yet been divulged to the general public, made an announcement to the press several days ago that the more prominent men in Greencastle would be extended an invitation, but did not even hint the

That the evening will be spent in a hilarious time and that it will be an evening long to be remembered is part of the publicity which the committee in charge are releasing and it is rumored that invitations will be sent to many of the leading newspaper men, politicians, authors and civic workers of the state of Indiana.

The guests will include three classes, students of the University, business and professional men of Greencastle, and out-of-town celebrities.

In this morning's Indianapolis Star appeared in the picture section a supposed picture of Donovan Fischer, recently elected president of the DePauw Student Body. The picture editor must have had a night out for the picture was not of Mr. Fischer but of a man considerably older in appearance.

Prof. Howard Barnum, violin, and Mrs. Barnum, piano, entertained at chapel this morning with several numbers.

On This Light-Six Touring Car

By our matchless facilities—our enormous production

HERE is a car priced at \$1,045. Built by ordinary methods it would cost you from \$200 to \$400 more.

It is in scores of ways the leader of its class. No rival car compares in the value that it offers.

Let us tell you how we give that value, then urge you to see this car.

A sensation

Studebaker is today the world's largest builder of quality cars. Studebaker success is the sensation of Motordom.

Sales have almost trebled in three years. Last year, 145,167 people paid \$201,000,000 for Studebaker cars.

There are tremendous reasons for this rush to Studebaker cars. And every man who buys a car should know them.

72-year traditions

The Studebaker name has for 72 years stood for quality and class. To build an ordinary car under that name is unthinkable.

Our assets are \$90,000,000—all at stake on serving you better than all others.

We have \$50,000,000 in model plants, equipped with 12,500 up-to-date machines. We have 23,000 workers, under profit-sharing plans which lead them to stay and develop.

We spend on engineering \$500,000 yearly. We employ 1,200 men to give 32,000 inspections to each Studebaker car in the making.

We are lavish

We are lavish in things that count.

We pay 15% bonus on some steels to get them exactly right. We use genuine leather in our cushions. We use curled hair.

We use more Timken bearings in this Light-Six than any competitive car within \$1,500 of its price.

Our bodies are beautiful creations. The finish and coach work show the final touch. But we build them in \$10,000,000 body plants of our own, and pay for these extras in savings.

Where we save

We save by enormous production—150,000 cars per year. Our major costs are all divided by that enormous output. It is utterly impossible for smaller makers to compete.

We save by modern plants, mostly built in the past five years. We save by up-to-date machines. By building our own parts and bodies.

See what this car offers

Come see what this Light-Six offers. How it excels in scores of ways any rival car.

Built with the same steels, the same care and skill, as the costliest of our cars. We have only one grade of chassis.

See its beauty, its comfort, its luxury. See how we have studied your every desire.

Do that and you will choose this car, if you have in mind a price anywhere near this.

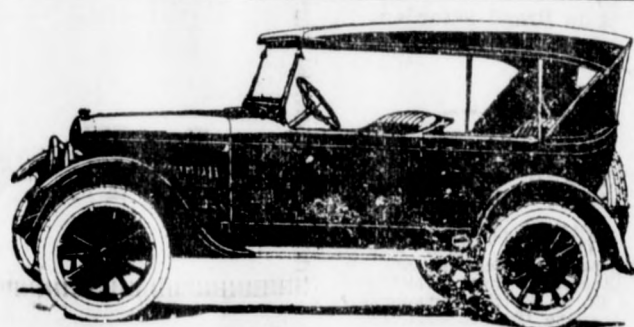

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance—

It will enable you to look at any car and tell whether it's been cheapened to meet a price.

offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free. Clip the coupon below.

Studebaker Light-Six Touring Car—\$1,045

Same steels as we use in the costliest cars we build. More Timken bearings than in any competitive car within \$1,500 of this price.

Genuine leather cushions, ten inches deep. Curled hair filling. All-steel body.

One-piece, rain-proof windshield. Attractive cowl lights. Standard non-skid cord tires.

Transmission and ignition locks. Perfect motor balance. Curtains that open with the doors.

By far the greatest value in this class.

Mail coupon for book about it

We machine all surfaces of our crankshafts and connecting rods, as was done in the Liberty Airplane motors. No other maker of cars at our prices does this. The result is that perfect motor balance, lack of vibration and long life.

CATAARRH CURBED IN 24 HOURS THROUGH

NEW DISCOVERY

Complete Relief By New Treatment Positively Guaranteed—Or No Cost Every disagreeable and disgusting symptom of chronic Catarrh is checked in 24 hours—through a remarkable new internal treatment.

It is called Dr. Platt's Rinex Prescription, and is based on the latest medical discoveries. These prove that Catarrh is not simply a surface disease, but is more often the result of poisons in the system. Rinex, taken internally in simple capsule form, goes direct to these poisons and neutralizes them. So every nasty and offensive symptom disappears as if by magic.

Why be handicapped a day longer by four, offensive breath, obnoxious nasal discharges and thickened speech—when Rinex is guaranteed to relieve you completely—or it costs you nothing?

Get Rinex today and just TRY it. Costs only \$1, which the druggist will instantly refund if it does not do the work. Be sure to get the genuine Dr. Platt's Rinex Prescription in the air-tight glass flask. You can have a trial treatment, free, by writing to the Clinical Laboratories, Cleveland, Ohio, and sending 10 cents to cover packing and postage. But you take no risk in getting the \$1 package direct from the dealer. It is on sale in this city at R. P. MULLINS and

NOTICE OF SHERIFF'S SALE OF REAL ESTATE

By virtue of a certified copy of a decree to me directed from the Clerk of the Putnam Circuit Court, in a cause wherein the State Life Insurance Company is the plaintiff and Noble C. Campbell et al are defendants, requiring me to raise the sum of \$26,158.84 with interests and costs, I will expose at public sale to the highest bidder on Saturday the 19th day of April, 1924, between the hours of ten o'clock a. m. and four o'clock p. m. on said day at the door of the Court House in Putnam county, Indiana, the rents and profits for a term not exceeding seven years the following described real estate, situated in Putnam county, State of Indiana, to-wit:

The East Half of the Southwest Quarter; the southwest Quarter of the Southeast Quarter; the South Half of the Northwest Quarter of the Southeast Quarter; the East Half of the Southeast Quarter; and the Southeast Quarter of the Northwest Quarter, EXCEPT therefrom three-fourths of an acre lying North of the road, as conveyed by Joseph T. McGinnis to L. M. Martin, in about the year 1850. ALL IN SECTION THIRTY-FIVE (35) TOWNSHIP THIRTEEN (13) NORTH, RANGE FOUR (4) WEST.

ALSO: All that part of the South Half; and all that part of the South Half of the Northwest Quarter; and all that part of the Southwest Quarter of the Northwest Quarter; ALL IN SECTION THIRTY-SIX (36) TOWNSHIP THIRTEEN (13) NORTH, RANGE FOUR (4) WEST, which lies West of the West line of the right of way of the Chicago, Indianapolis and Louisville Railroad Company, commonly known as the Monon Railroad, EXCEPT 3 acres in the Northwest corner of the Southeast Quarter of the Northwest Quarter of said Section 36, heretofore deeded to John McAvoy, and more particularly described as follows: Commencing at the Northwest corner of the Southeast Quarter of the Northwest Quarter of said Section 36, Township and Range aforesaid, thence South 22 rods, thence East 21 rods and 13 1/2 feet, thence North 22 rods, thence West 21 rods and 13 1/2 feet to the place of beginning.

ALSO: The following part of said Section thirty-six (36), in Township Thirteen (13) North, Range Four (4) West, described as follows, to-wit: Beginning on the South line of said Section 36, at the point where the same intersects the center line of the right of way of the Chicago, Indianapolis and Louisville Railroad, and running thence in a Northwesterly direction with said center line of said right of way 20 feet; thence due east to the Greencastle and Bloomington State Road; thence South to the South line of said Section 36, thence West to the place of beginning, containing one-fifth of an acre.

If such rents and profits will not sell for a sum sufficient to satisfy said decree, interests and costs, I will at the same time and place expose at public sale, the fee simple of said real estate, or so much thereof as may be sufficient to discharge said decree, interest and costs. Said sale will be made without any relief whatsoever from valuation or appraisal laws.

SILVER FLASH GASOLINE

"The Really Serviceable Fuel For Your Motor."

One of the chief topics of discussion at a recent meeting, was the volatility of gasoline. One automotive engineer, pointing out a reason for the hard starting of cars in cold weather, said that he had found a so-called gasoline so heavy that when some of it was poured out on the side-walk on a cold morning it had so little vapor that it could not be lighted with a match. Another engineer urged refiners to greatly improve the volatility of their gasoline.

The Western Oil Refining Co. has been a leader in realizing the need of more flexible and responsive motor fuel—therefore its famous Silver Flash Gasoline.

This quality of gasoline assures you of quick starting, quick pick up and maximum combustion under the most difficult conditions of winter service.

ADVERTISE IN THE BANNER

DAUGHERTY PROBE MORE LIKE TRIAL

FRIENDS OF ATTORNEY GENERAL BELIEVE HE ISN'T BEING GIVEN FAIR TREATMENT.

By EDWARD B. CLARK

Washington.—Temporarily, at least, the high interest in the oil investigation has been transferred to the inquiry into the "Doings of Daugherty." This investigation into the affairs of the attorney general's office is being carried on much more like a trial than a mere inquiry after facts.

However, if the facts in the case shall be determined definitely the end which the public seeks will be reached, but it is only the truth to say the methods that are being followed are being criticized somewhat severely by onlookers in Washington who have a brief neither for Daugherty nor for the committee.

When there is a mystery case in France the French people always say: "Look for the woman." This French advice seems to have been followed by the members of the committee investigating the attorney general's office. A woman has been put on the stand and it is a most remarkable series of tales that she tells.

There has been perhaps more indefiniteness than definiteness about the testimony thus far adduced concerning wrongdoings in this cabinet department. Washington is fairly staggered at some of the things which the woman witness, the divorced wife of Jesse Smith, a former friend and confidant of Attorney General Daugherty, has told. Smith committed suicide nearly a year ago in the apartment of the attorney general in a local hotel.

Is He Getting Square Deal?

In Democratic and Republican party circles in Washington, Harry M. Daugherty always has been regarded as a shrewd politician who knows all the methods of putting practical politics into effect. There never has been until recently, so far as Washington is concerned, any suspicion of actual wrongdoing on the part of the attorney general. Now indirectly, at least, he stands charged with having done all kinds of things which were improper. He will have his own innings shortly if the committee will allow a defense to be entered. At this writing the attorney general is represented by two attorneys, one of whom is a former United States Democratic senator, but neither of whom up to the present time has been allowed to take any active defensive part in the committee room proceedings.

There are men who seemingly think that everything was wrong with the attorney general's office, who say today that the prosecution tinge that has been given to the committee's work is justified, but there are others, both political friends and political foes of the attorney general, who say that he has the right which should be given to the humblest of accused Americans, to take part through his attorneys in defensive tactics while the hearing is in progress.

The testimony given by the divorced wife of Jesse Smith is of startling kind. It has to do with dealings in stock, with attempted bartering of pardons for pecuniary returns, with liquor dealings and with half a dozen other things, participation of which in any one of them on the part of the attorney general would have been in some cases morally reprehensible and in others actually criminal. The evidence, however, implicated him only by inference.

Making a Sturdy Fight.

Washington has been wondering for some days if the attorney general had any advance knowledge that the former Mrs. Smith was to give her testimony. The word at this writing is that he has been perfectly unmoved by it and that conclusive answers will be made in due time. As things are, however, Washington is having another sensation to follow instantly on the heels of the oil investigation excitement which seemingly furnished sensations enough of its own to surfeit the public.

Daugherty has one sentimental advantage. He chose to stay in the cabinet and to fight for his hand and his reputation. He always has been known as a fighter and the course that he has taken was not unexpected by his friends. His opponents say that the harder his fight, the more bitter will be his defeat, which they seem to think is certain. His friends nevertheless say that victory will come to him and his enemies will be discomfited.

Secretary of the Navy Denby retired from the cabinet under a fire of criticism which seemingly was not directed at him because of any accusation of criminality. He has been received in his home city in Detroit with acclaim. The accusations against the attorney general are of graver import. Some leaders in Washington insist that the President should have forced Daugherty's resignation. The President, however, seemed to have something like admiration for Daugherty's insistence that he be given a chance to make a fight. The fight is on.

Its Bad Habit

Passenger—Say, mister, what is the average life of a locomotive?

Engineer—Oh, about twenty-five years.

Passenger—I should think that such a tough-looking thing would last longer.

Engineer—Well, perhaps it would, sir, if it didn't smoke so much.

ESSEX

A SIX By Hudson

"The Car for Everyone"

says noted "MOTOR" authority

The New Essex possesses many qualities which I did not believe could be incorporated in a closed car selling for \$975.

"It is a type long needed in this country. It possesses grace and beauty, can travel at sustained high speed without passenger discomfort, is surprisingly economical to operate and does not cost much to buy."

"It is unusually smooth, accelerates better than the previous Essex, which is saying a great deal, and is 'the' car for everyone."—H. A. Terantous, in MOTOR.
